Agenda Córdoba

DIMENSION	No	MATERIALITY ISSUE	MAIN SDG IMPACT	GOAL	CORDOBA AGENDA	
					STRATEGIC APPROACH	LINE OF ACTION
PEOPLE	1	Dissemination and awareness	SDG 4: Ensure inclusive and equitable, quality education and promote lifelong learning opportunities for all.	4.7: By 2030, ensure that all learners acquire the knowledge and skills needed to promote sustainable development, including, among others, through education for sustainable development and sustainable lifestyles, human rights, gender equality, promotion of a culture of peace and non-violence, global citizenship and appreciation of cultural diversity and of culture's contribution to sustainable development.	City of culture and art Sustainability and resilience	Diversify and place value on cultural and heritage assets. Restore Cordoba with new urban renewal projects Improve the ability to intervene in environmental management matters
	2	Training	SDG 4: Ensure inclusive and equitable, quality education and promote lifelong learning opportunities for all.	4.7: By 2030, ensure that all learners acquire the knowledge and skills needed to promote sustainable development, including, among others, through education for sustainable development and sustainable lifestyles, human rights, gender equality, promotion of a culture of peace and non-violence, global citizenship and appreciation of cultural diversity and of culture's contribution to sustainable development.	City of culture and art	Diversify and place value on cultural and heritage assets. Restore Cordoba with new urban renewal projects Improve the ability to intervene in environmental management matters
	3	Public health	SDG 3: Ensure healthy lives and promote well-being for all at all ages.	3.4: By 2030, reduce mortality from non-communicable diseases by one-third through prevention and treatment, and promote mental health and well-being.	Sustainability and resilience	Improve the ability to intervene in environmental management matters.
PLANET	4	Biodiversity	SDG 15: Sustainably manage forests, combat desertification, halt and reverse land degradation, halt biodiversity loss.	15.5: Take urgent and significant action to reduce the degradation of natural habitats, halt the loss of biodiversity, and, by 2020, protect and prevent the extinction of threatened species.	Sustainability and resilience	Improve the ability to intervene in environmental management matters.
	5	Procurement of services	SDG 12: Ensure sustainable consumption and production patterns.	12.6: Encourage companies, especially large and transnational companies, to adopt sustainable practices and to integrate sustainability information into their reporting cycle.		

DIMENSION	No	MATERIALITY ISSUE	MAIN SDG IMPACT	GOAL	CORDOBA AGENDA	
					STRATEGIC APPROACH	LINE OF ACTION
PLANET	6	Circular economy and waste management	SDG 12: Ensure sustainable consumption and production patterns.	12.2: By 2030, achieve the sustainable management and efficient use of natural resources.	Cordoba business: innovation, transformation and positioning	Promote transformation of the business fabric towards the new models for the social, sustainable and digital economy. Improve the ability to intervene in environmental matters.
	7	Sustainable management of water resources	SDG 6: Ensure access to water and its sustainable management and sanitation for all.	6.4: By 2030, substantially increase water-use efficiency across all sectors and ensure sustainable withdrawal and supply of freshwater to address water scarcity and substantially reduce the number of people suffering from water scarcity.	Sustainability and resilience	Innovate in resource management to improve the city's environmental quality.
	8	Sustainable management of equipment and fittings	SDG 12: Ensure sustainable consumption and production patterns.	12.2: By 2030, achieve the sustainable management and efficient use of natural resources.		
	9	Plant health	SDG 15: Sustainably manage forests, combat desertification, halt and reverse land degradation, halt biodiversity loss.	15.1: By 2020, ensure the conservation, restoration and sustainable use of terrestrial and inland freshwater ecosystems and their services, in particular forests, wetlands, mountains and drylands, in line with obligations under international agreements.	Sustainability and resilience	Restore Cordoba with new urban renewal projects
	10	Energy transition and climate change	SDG 13: Take urgent action to combat climate change and its impacts	13.2: Include measures for climate change in national policies, strategies and plans.	Sustainability and resilience	Progress towards a sustainable urban mobility model
PROSPERITY	11	Accessibility and inclusion	SDG 10: Reduce inequality in and among countries.	10.2: By 2030, empower and promote the social, economic and political inclusion of all, irrespective of age, gender, disability, race, ethnicity, origin, religion or economic or other status.	Cordoba business: innovation, transformation and positioning City of art and culture	Boost the development of human capital. Diversify and place value on cultural and heritage assets.
	12	Heritage conservation, protection and safeguarding	SDG 11: Make cities inclusive, safe, resilient and sustainable.	11.4: Strengthen efforts to protect and safeguard the world's cultural and natural heritage.	City of culture and art	Organise and coordinate the city's heritage and cultural offering. Ensure conservation of Cordoba's heritage. Diversify and place value on cultural and heritage assets.
	13	Employment and working conditions	SDG 8: Foster sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all.	8.8: Protect labour rights and promote safe and secure working environments for all workers, including migrant workers, in particular women migrants, and those in precarious employment.	Cordoba business: innovation, transformation and positioning	Positioning Cordoba's identity as a business area and logistics centre of reference.

DIMENSION	No	MATERIALITY ISSUE	MAIN SDG IMPACT	GOAL	CORDOBA AGENDA	
					STRATEGIC APPROACH	LINE OF ACTION
PROSPERITY	14	Sustainable economic management	SDG 8: Foster sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all.	8.4: Improve progressively, by 2030, global resource efficiency in consumption and production and endeavour to decouple economic growth from environmental degradation, in accordance with the 10-Year Framework of Programmes on Sustainable Consumption and Production, with developed countries taking the lead.	Cordoba business: innovation, transformation and positioning	Encourage innovation and the transfer of knowledge as a business growth factor. Promote transformation of the business fabric towards the new models for the social, sustainable and digital economy.
	15	Sustainable land management	SDG 11: Make cities inclusive, safe, resilient and sustainable.	11.6: By 2030, reduce the adverse per capita environmental impact of cities, including by paying special attention to air quality and municipal and other waste management.	Sustainability and resilience	Improve the ability to intervene in environmental matters.
	16	Sustainable tourism management	SDG 12: Ensure sustainable consumption and production patterns.	12b: Develop and implement tools to monitor sustainable development impacts for sustainable tourism that creates jobs and promotes local culture and products.	City of culture and art	Ensure conservation of Cordoba's heritage.
	17	Equal opportunities	SDG 8: Foster sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all.	8.5: By 2030, achieve full and productive employment and decent work for all women and men, including for young people and persons with disabilities, and equal pay for work of equal value.	Social balance and equal opportunities	Minimise the problems of social exclusion, vulnerability and coexistence
	18	Investment and funding	SDG 11: Make cities inclusive, safe, resilient and sustainable.	11.4: Strengthen efforts to protect and safeguard the world's cultural and natural heritage.	Cordoba business: innovation, transformation and positioning City of art and culture	Promote transformation of the business fabric towards the new models for the social, sustainable and digital economy. Diversify and place value on cultural and heritage assets.
	19	Digital transformation	SDG 9: Build resilient infrastructures, promote sustainable industrialisation and foster innovation.	9.4: By 2030, upgrade infrastructure and retrofit industries to make them sustainable, with increased resource-use efficiency and greater adoption of clean and environmentally sound technologies and industrial processes, with all countries taking action in accordance with their respective capabilities.	Cordoba business: innovation, transformation and positioning	Promote transformation of the business fabric towards the new models for social, sustainable and digital economy
	20	Users and local community	SDG 11: Make cities inclusive, safe, resilient and sustainable.	11a: Support positive economic, social and environmental links between urban, peri-urban and rural areas by strengthening national and regional development planning.	Cordoba business: innovation, transformation and positioning	Promote transformation of the business fabric towards the new models for social, sustainable and digital economy

DIMENSION	No	MATERIALITY ISSUE	MAIN SDG IMPACT	GOAL	CORDOBA AGENDA	
					STRATEGIC APPROACH	LINE OF ACTION
PEACE	21	Ethical management, good governance and transparency	SDG 16: Promote just, peaceful and inclusive societies.	16.6: Develop effective, transparent and accountable institutions at all levels.	Cordoba business: innovation, transformation and positioning	Encourage innovation and the transfer of knowledge as a business growth factor.
	22	Citizen participation	SDG 16: Promote just, peaceful and inclusive societies.	16.7: Ensure responsive, inclusive, participatory and representative decision-making at all levels that meet needs.		
PARTNERSHIPS	23	Public/private partnerships and collaborations	SDG 17: Revitalise the Global Partnership for Sustainable Development.	17.17: Encourage and promote effective public, public/private and civil society partnerships, building on the experience and resourcing strategies of partnerships.	Cordoba business: innovation, transformation and positioning Social balance and equal opportunities	Encourage innovation and the transfer of knowledge as a business growth factor. Boost the social services system and networking with entities

PEACE	21	Ethical management, good governance and transparency	SDG 16: Promote just, peaceful and inclusive societies.	16.6: Develop effective, transparent and accountable institutions at all levels.	Effective, responsible and inclusive institutions	Make the Cordoba Regional Government into a representative, effective, transparent institution that enables participation and public access to information.
	22	Citizen participation	SDG 16: Promote just, peaceful and inclusive societies.	16.7: Ensure responsive, inclusive, participatory and representative decision-making at all levels that meet needs.	Effective, responsible and inclusive institutions	Make the Cordoba Regional Government into a representative, effective, transparent institution that enables participation and public access to information.
PARTNERSHIPS	23	Public/private partnerships and collaborations	SDG 17: Revitalise the Global Partnership for Sustainable Development.	17.17: Encourage and promote effective public, public/private and civil society partnerships, building on the experience and resourcing strategies of partnerships.	Collaboration for sustainable provincial and international development	Setting up effective partnerships to fulfil the commitments taken on by the provision institution in working towards the SDGs.

Internal coherence with public policies:
Agenda Urbana de Andalucía 2030

DIMENSION	No	MATERIALITY ISSUE	MAIN SDG IMPACT	GOAL	ANDALUSIA 2030 AGENDA	
					STRATEGIC AREAS	LINE OF ACTION
PEOPLE	1	Dissemination and awareness	SDG 4: Ensure inclusive and equitable, quality education and promote lifelong learning opportunities for all.	4.7: By 2030, ensure that all learners acquire the knowledge and skills needed to promote sustainable development, including, among others, through education for sustainable development and sustainable lifestyles, human rights, gender equality, promotion of a culture of peace and non-violence, global citizenship and appreciation of cultural diversity and of culture's contribution to sustainable development.	Education and training	Participation and use of social networks. Participation in knowledge generation, transfer, transformation, use and dissemination processes. Promote education, awareness, and human and institutional skills relating to climate change.
	2	Training	SDG 4: Ensure inclusive and equitable, quality education and promote lifelong learning opportunities for all.	4.7: By 2030, ensure that all learners acquire the knowledge and skills needed to promote sustainable development, including, among others, through education for sustainable development and sustainable lifestyles, human rights, gender equality, promotion of a culture of peace and non-violence, global citizenship and appreciation of cultural diversity and of culture's contribution to sustainable development.	Education and training	Give training and do research to improve performance of the SDGs.
	3	Public health	SDG 3: Ensure healthy lives and promote well-being for all at all ages.	3.4: By 2030, reduce mortality from non-communicable diseases by one-third through prevention and treatment, and promote mental health and well-being.	Health	Boost people's health and quality of life.
PLANET	4	Biodiversity	SDG 15: Sustainably manage forests, combat desertification, halt and reverse land degradation, halt biodiversity loss.	15.5: Take urgent and significant action to reduce the degradation of natural habitats, halt the loss of biodiversity, and, by 2020, protect and prevent the extinction of threatened species.	Natural Resources	Consider biodiversity as the foundation for creating public policy.
	5	Procurement of services	SDG 12: Ensure sustainable consumption and production patterns.	12.6: Encourage companies, especially large and transnational companies, to adopt sustainable practices and to integrate sustainability information into their reporting cycle.	Sustainable production and consumption	Incorporate more social and ethical aspects into public procurement and the offer to the user.

DIMENSION	No	MATERIALITY ISSUE	MAIN SDG IMPACT	GOAL	ANDALUSIA 2030 AGENDA	
					STRATEGIC AREAS	LINE OF ACTION
PLANET	6	Circular economy and waste management	SDG 12: Ensure sustainable consumption and production patterns	12.2: By 2030, achieve the sustainable management and efficient use of natural resources.	Environmental quality	<p>Environmental quality</p> <p>Design products and processes that, from the beginning, reduce the resources entering production cycles and reuse materials to the maximum possible extent.</p> <p>Drive treatment and reuse in industries and services during their production processes.</p> <p>Change from a straight line economy to a circular economy.</p> <p>Minimise waste production.</p> <p>Improve collection, treatment, waste assessment and waste disposal site management systems.</p>
	7	Sustainable management of water resources	SDG 6: Ensure access to water and its sustainable management and sanitation for all	6.4: By 2030, substantially increase water-use efficiency across all sectors and ensure sustainable withdrawal and supply of freshwater to address water scarcity and substantially reduce the number of people suffering from water scarcity.	Sustainable production and consumption	Ensure efficient use of water resources
	8	Sustainable management of equipment and fittings	SDG 12: Ensure sustainable consumption and production patterns	12.2: By 2030, achieve the sustainable management and efficient use of natural resources.		
	9	Plant health	SDG 15: Sustainably manage forests, combat desertification, halt and reverse land degradation, halt biodiversity loss	15.1: By 2020, ensure the conservation, restoration and sustainable use of terrestrial and inland freshwater ecosystems and their services, in particular forests, wetlands, mountains and drylands, in line with obligations under international agreements.	Natural Resources	Foster agricultural practices that are compatible with the conservation of natural resources and soil regeneration.
	10	Energy transition and climate change	SDG 13: Take urgent action to combat climate change and its impacts	13.2: Include measures for climate change in national policies, strategies and plans.	Climate change	Direct and strengthen public and private policies and initiatives with an impact on the Andalusian regional community towards a sustainable development model.

DIMENSION	No	MATERIALITY ISSUE	MAIN SDG IMPACT	GOAL	ANDALUSIA 2030 AGENDA	
					STRATEGIC AREAS	LINE OF ACTION
PROSPERITY	11	Accessibility and inclusion	SDG 10: Reduce inequality in and among countries	10.2: By 2030, empower and promote the social, economic and political inclusion of all, irrespective of age, gender, disability, race, ethnicity, origin, religion or economic or other status.	Social cohesion	Promoting human rights, gender equality and fostering social inclusion.
	12	Heritage conservation, protection and safeguarding	SDG 11: Make cities inclusive, safe, resilient and sustainable	11.4: Strengthen efforts to protect and safeguard the world's cultural and natural heritage.	Natural Resources	Promote conservation of geological heritage as a part of natural heritage and a tourism resource.
	13	Employment and working conditions	SDG 8: Foster sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all	8.8: Protect labour rights and promote safe and secure working environments for all workers, including migrant workers, in particular women migrants, and those in precarious employment.	Competitiveness and green employment	Encourage the creation and consolidation of employment and wealth, in the context of a green economy. Research, train and innovate to initiate and develop competitive activities creating green employment. Support self-employment and the entrepreneurship initiative. Strengthen employment conditions for a decent job and a democratic workplace.
	14	Sustainable economic management	SDG 8: Foster sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all	8.4: Improve progressively, by 2030, global resource efficiency in consumption and production and endeavour to decouple economic growth from environmental degradation, in accordance with the 10-Year Framework of Programmes on Sustainable Consumption and Production, with developed countries taking the lead.	Sustainable production and consumption	Create regional accountancy with a production measurement system that includes economic, environmental and social sustainability.

DIMENSION	No	MATERIALITY ISSUE	MAIN SDG IMPACT	GOAL	ANDALUSIA 2030 AGENDA	
					STRATEGIC AREAS	LINE OF ACTION
PROSPERITY	15	Sustainable land management	SDG 11: Make cities inclusive, safe, resilient and sustainable.	11.6: By 2030, reduce the adverse per capita environmental impact of cities, including by paying special attention to air quality and municipal and other waste management.	Natural Resources	<p>Prevent intensive use causing losses of soil, crop diversity and biological richness.</p> <p>Improve the soil and the cycles of nutrients.</p> <p>Gain in-depth knowledge about land uses and existing tenures, and strategically allocate lands to uses that best fit in with their physical and geographic features.</p> <p>Foster agricultural practices that are compatible with the conservation of natural resources and soil regeneration.</p> <p>Promote maintenance practices for the plant cover on the land and soil conservation.</p>
	16	Sustainable tourism management	SDG 12: Ensure sustainable consumption and production patterns.	12b: Develop and implement tools to monitor sustainable development impacts for sustainable tourism that creates jobs and promotes local culture and products.	Sustainable production and consumption	Promote refurbishment instead of new building on the land, mainly that linked to second homes and tourism.
	17	Equal opportunities	SDG 8: Foster sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all.	8.5: By 2030, achieve full and productive employment and decent work for all women and men, including for young people and persons with disabilities, and equal pay for work of equal value.	Social cohesion	<p>Promote initiatives reducing socio-economic and gender inequality in the Andalusia community and encouraging social cohesion.</p> <p>Promote gender equality as one of the cornerstones of social cohesion and reduce the wage gap, as one of the primary measures for achieving equality.</p> <p>Promote wage equality between women and men and measures for a work/life balance in businesses.</p>
	18	Investment and funding	SDG 11: Make cities inclusive, safe, resilient and sustainable.	11.4: Strengthen efforts to protect and safeguard the world's cultural and natural heritage.	Sustainable production and consumption	Prioritise investments, subsidies or concessions for business projects based on the fight against social exclusion and inequality.
	19	Digital transformation	SDG 9: Build resilient infrastructures, promote sustainable industrialisation and foster innovation.	9.4: By 2030, upgrade infrastructure and retrofit industries to make them sustainable, with increased resource-use efficiency and greater adoption of clean and environmentally sound technologies and industrial processes, with all countries taking action in accordance with their respective capabilities.	Innovation and ITCs	<p>Improve the use, quality and access to information and communications technologies.</p> <p>Use ICTs with the general population as well as professionals.</p>
